

CLASS SPECIFICATION
County of Fairfax, Virginia

CLASS CODE: 6415

TITLE: GENERAL BUILDING MAINTENANCE WORKER II

GRADE: S-17

DEFINITION:

Under direction, leads and participates as a member of a crew engaged in performing skilled building maintenance, repair, and construction trades tasks; and does related work as required in any trade or crew assignment.

DISTINGUISHING CHARACTERISTICS OF THE CLASS:

This class typically leads and performs more complex skilled trade work independently. This includes repairing broken pipes inside walls, glazing, correcting unsafe wiring and repairing damaged door frames.

ILLUSTRATIVE DUTIES:

Leads a crew of skilled trade workers and helpers;
Prepares vacant housing units for occupancy by performing maintenance and repair work using a variety of trades skills;
Determines needed maintenance repairs;
Requisitions needed parts from the supply warehouse and orders necessary appliance parts;
Informs supervisor of major maintenance issues;
Performs plumbing repairs including repair of broken pipes inside walls and replaces fixtures when necessary;
Performs electrical repairs including correcting unsafe wiring, replacing plugs, outlets, switches, bulbs and light fixtures;
Performs carpentry including repair of damaged door frames, drywall and plaster repairs;
Removes fastenings and broken glass, and cleans, removes, repairs or replaces frames as necessary.
Cuts glass to size and shape for windows, doors, cases, etc., then uses putty or compound to install new glass of various types.
Performs preventive and corrective maintenance on Store Front and Automatic (electronic and pneumatic controlled) entrance doors to ensure compliance with ADA and OSHA egress requirements. This work includes motion detectors, walk off mat sensors, push button operators and connections to Fire Alarm systems.
Orders and installs all glazing with special ratings to ensure security, fire and UL ratings are maintained, including special applications such as revolving doors and skylights.
Maintains records of glass types, replacements and warranties
Makes repairs and installs window treatments such as screens, blinds and shades;
Performs minor appliance repairs, replacing motors, switches, gaskets and burners to insure safe, efficient appliance operations;
Performs preventative maintenance in vacant units (e.g., caulking areas subject to water damage, adjusting doors, drawers and windows);

CLASS CODE: 6415

TITLE: GENERAL BUILDING MAINTENANCE WORKER II

GRADE: S-17

Page 2
